

**BWI exhibits at FIP or other significant international Exhibitions**  
**(compiled by Charles Freeland from exhibition catalogues and Palmares)**

Coverage includes exhibits of the stamps or postal history (but only rarely books) of a single BWI territory or an area predominantly covering the BWI across the British Caribbean. The list excludes Royal Collection, RPS or other Society displays, single items in Courts of Honour and or largely non-BWI Caribbean. PH stands for postal history, PS postal stationery, SF single frame, R revenues, otherwise traditional.

Abbreviations are also used for the standard medal grades, where I have the Palmares (eg LG, G, LV, V, LS, S, B). S-G means silver-gilt, G-S gold-silver, S-B silver-bronze, CP certificate of participation, FIP championship class, CH Court of Honour, NC not for competition, CGP candidate for Grand Prix (ie top three in show), F felicitations of the Jury, SP Special Prize and SF Single Frame. Note that it was not until after the second war that medals were given for all exhibits, up till then there were only category winners.

Most of the names are well enough known to specialists, especially the more modern ones. Where there is no entry for an FIP event, it means in most cases that that I could not identify any BWI exhibits although I have not been able to view all the catalogues, especially some of the earlier ones.

**Brooklyn 1889**

**Author's note**

This list is based on the exhibition catalogues and Palmares that I have had an opportunity to consult. There are certainly many gaps and probably a number of errors in the list – for example I recall seeing a Jaffé St Lucia at an event not on this list. Some of the catalogues and Palmares are randomly laid out and I am sure I have missed quite a number of exhibits. Please alert Steve Jarvis or Charles Freeland ([charles.freeland@hotmail.com](mailto:charles.freeland@hotmail.com)) in order to fill out the listing.
